

## INSTRUCTIONS FOR PRINTING

To print this document as a half-page booklet, each page **following this one** must be printed individually in sequence using two-sided printing; that is, ODD numbered pages are printed on the back of their corresponding EVEN numbered pages. Specifically, page 3 on the back of page 2, page 5 on the back of page 4, and so on.

Since only the front cover is in color, only page 2 should be printed in color. All other pages should be printed in “gray-scale.” Also be sure to print in “Portrait” orientation.

**CAUTION:** Some printers are unable to print as closely to the edges as this booklet is designed. In that case, the printer should ask if you want to resize the pages to fit within its limitations, and you should select this option.

For best results, use bond paper or card stock to minimize bleed through.

It is also important to ensure that all pages are **printed top to top**; that is, if, for example, the first page in a pair comes out of the printer with the top of the page to your right as you face the printer, then that sheet of paper must be reinserted into the paper tray in that same orientation so that the second page of that pair will also emerge from the printer with its top to your right. One way to think of this is “last out, first in.” When you remove the first page of a pair from the printer, then the last edge of the paper to leave the printer must be the first edge inserted into the paper tray.

**Note:** some printers have two-sided printing as one of their features. If your printer has this feature, it can be selected from its print-setup options. In this case, you may simply tell the printer to print pages 2 through 13, and it will either handle the paper for you or display instructions for manual paper loading. **IMPORTANT:** When setting up for two-sided printing, choose the “Portrait” orientation and “flip on the short edge” options on the printer setup..

When the printing is finished, collate the pages in the correct order with the odd-numbered printed pages facing down. Then fold the stack so that the short sides are together, forming the booklet. If you have a stapler with sufficient reach, two or three staples along the fold line will render the booklet easier to use.

**Note:** The document prints with an approximately 0.25-inch white-space border on the free edges. If you wish, this white space may be trimmed off without damaging the booklet content.

## THE CLASS OF 1960 MEMORIAL CEREMONY

The Class of 1960 Memorial Ceremony is conducted this year as part of the 61st Reunion and provides an opportunity for the graduate community to honor and remember those classmates who have passed away.

The first ceremony of this type occurred in 1964 with a memorial service in the Cadet Chapel. In 1965 the ceremony was changed to a formation on the terrazzo and then returned to the Chapel in 1990 for classes celebrating their 25th or later reunion. This year's memorial ceremony, conducted in the Cemetery Pavilion, will be highlighted by a roll call of deceased classmates. As each deceased class member's name and squadron are called out, all classmates respond, "Absent, sir." Following the roll call the ceremony will be closed by a moment of silence and a rendering of *Lord Guard and Guide the Men Who Fly*.

This memorial service is dedicated to those members of the Class of 1960 who have gone before us. It is a time to share memories and embrace our fallen classmates. In this ceremony we recognize those classmates and we celebrate the experiences that made us the USAF Academy Class of 1960.

## AMERICA THE BEAUTIFUL

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain!  
America! America!  
God shed His grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!

O beautiful for pilgrim feet,  
Whose stern, impassioned stress  
A thoroughfare for freedom beat  
Across the wilderness!  
America! America!  
God mend thine every flaw,  
Confirm thy soul in self-control,  
Thy liberty in law!

O beautiful for heroes proved  
In liberating strife,  
Who more than self their country loved  
And mercy more than life!  
America! America!  
May God thy gold refine,  
Till all success be nobleness,  
And every gain divine!

O beautiful for patriot dream  
That sees beyond the years  
Thine alabaster cities gleam  
Undimmed by human tears!  
America! America!  
God shed His grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!

## BRING ME MEN

Bring me men to match my mountains,  
Bring me men to match my plains,  
Men with empires in their purpose,  
And new eras in their brains.  
Bring me men to match my prairies,  
Men to match my inland seas,  
Men whose thoughts shall pave a highway  
Up to ampler destinies,  
Pioneers to cleanse thought's marshlands,  
And to cleanse old error's fen;  
Bring me men to match my mountains --  
Bring me men!

Bring me men to match my forests,  
Strong to fight the storm and beast,  
Branching toward the skyey future,  
Rooted on the futile past.  
Bring me men to match my valleys,  
Tolerant of rain and snow,  
Men within whose fruitful purpose  
Time's consummate blooms shall grow,  
Men to tame the tigerish instincts  
Of the lair and cave and den,  
Cleanse the dragon slime of nature --  
Bring me men!

Bring me men to match my rivers,  
Continent cleansers, flowing free,  
Drawn by eternal madness,  
To be mingled with the sea --  
Men of oceanic impulse,  
Men whose moral currents sweep  
Toward the wide, unfolding ocean  
Of an undiscovered deep --  
Men who feel the strong pulsation  
Of the central sea, and then  
Time their currents by its earth throbs --  
Bring me Men.

## LORD GUARD AND GUIDE THE MEN WHO FLY

Lord guard and guide the men who fly  
Through the great spaces of the sky;  
Be with them traversing the air  
In darkening storms or sunshine fair.

You who support with tender might  
The balanced birds in all their flight,  
Lord of the tempered winds, be near,  
That, having you, they know no fear.

Control their minds with instinct fit  
Whene'er, adventuring they quit  
The firm security of land;  
Grant steadfast eye and skillful hand.

Aloft in solitudes of space,  
Uphold them with your saving grace.  
O God, protect the men who fly  
Through lonely ways beneath the sky. Amen.

—Mary C. D. Hamilton

## THE WAR MEMORIAL

The War Memorial stands on the terrazzo on the north end of the Air Gardens and faces the American flag for which those deceased graduates listed on the memorial died. The memorial is a striking curved monolith constructed of three 7'x21' slabs of black starlite granite. The inscription "In memory of our fellow graduates who have fallen in battle ..." is a simple but eloquent statement of criteria for a name to be included on the memorial. The actual determination of those graduates who are remembered on the War Memorial follows the circumstances listed below:

1. Graduates who died from direct hostile action.
2. Graduates who died within an area of conflict as the result of an incident which was in direct support of the conflict.
3. Graduates who died outside an area of conflict while directly supporting the activities within that area will be considered on an individual basis by the Board of Directors of the Association of Graduates.

At the dedication ceremony in 1970, Brigadier General Robin Olds, Commandant of Cadets, brought the essence of the memorial forcefully home with the following words:

*This monolith of simple beauty contains the names of graduates of the Air Force Academy who have given their lives in combat. Each was a gallant man, devoted to his country and proud of his heritage. Each died bravely, as one's country sometimes calls upon her sons to do. Remember these names. Honor them. They are a part of you, the Wing. They represent your past, as you today represent our future. Reflect on their example of selfless devotion to duty and gain courage so that when you face your test, you may add honor and glory to the annals of the Wing—and of the Air Force—and of our country.*

There are presently 188 graduates listed on the War Memorial including 7 graduates of the Class of 1960.

Located north of the Class of '59 Challenge Bridge at Doolittle Hall is a replica of the War Memorial. The replica, a gift from the Class of 1970, was completed and set in place in May 2004.

**Memorial Locations**—Cadets and graduates may be memorialized in several different locations at the Academy. The names of those who die on active duty are placed on plaques just outside the Cadet Catholic Chapel. Names of other deceased graduates may also be found on the plaque at the Memorial Tree Grove located just East of Doolittle Hall, in the memorial section of the Academy cemetery, or on a memorial paver at Doolittle Hall. Graduates who died as a result of combat action are memorialized on the War Memorial.

## Reminiscences by Wayne Kendall

I am honored to again conduct the reminiscing portion of the class memorial service. It is appropriate to come here in the shadow of these mountains to share common memories and remember those of our class who have fallen since our reunion 6 years ago. The songs that your just heard are from a vinyl record produced in the 1960's with the USAFA Band and Cadet Chorale. This record has followed Barbara and me for 58 years. My kids and grandkids seem to think that it is somehow out of date! In 1956, we were brought here to be the men who match these mountains. Together we tried. Now, after 61 years, the mountains remain unchanged, but time has not passed us by. Last night when we initially saw the old men surrounding us maybe we did not immediately attach a name, but in a few words and shared laughter, the years fade and here is the classmate we know. The stories have gotten better with years and our hearts a little softer when we hear them.

We stretch back 65 years and many of the memories are as vivid as yesterday. We talk about

- Air Training Officers with razor sharp khakis and equally sharp tongues leaving us alone only when they went to the Lowry flight line and their F-86 fighters
- A dying and frail General Harmon standing tall in the rain while we, also soaked, passed in review
- The bayonet course where, with rubbery arms holding the M1, and bloodlust in our eyes, we sincerely tried to impale Lt. Yeager
- At Buckley, sleeping in the dirt; throwing live hand grenades; firing machine guns; and, in general, blowing things up
- Arnold Hall, Mrs. Mac, white gloves, Foxtrot lessons, and the beautiful girls on Sunday afternoons
- She has her own car, has a gas credit card, and her father owns a liquor store
- Recognizing that being the big fish in high school did not transfer well when everyone else was also a big fish
- All Right Sir
- Learning to trust and depend on your classmate
- We will not lie, steal, or cheat or tolerate among us those who do

Our Class of 1960 long blue line marches on, and so does our composition. On July 9, 1956, 300 of us walked through the gate at Lowry AFB in Denver and were told to drop our bags and to run our chins in. Over the next four years about one fourth of us did not make it through to graduation. On June 8, 1960, 227 of us graduated, including some who joined us from the class of 1959. Out of the 227 we have 134 living classmates while 93 of us have passed on--32 of us are attending this reunion.

In 1960 we threw our hats into the air, tapped our rings and it was time to leave. We all served our country, and some were killed in that service. Over time we all eventually left the Air Force to continue in the civilian world. We took many different paths, but as a class our common ties remained.

We have lost 26 classmates since we last called the roll. Among them are our cadet wing commander, our class president, and our highest decorated pilot. As you look at their photos today recognize that our connection with them remains unbroken.
